INNOVATIVE PROJECT
DEVELOPMENT

PROFILE SUMMARY

A highly motivated MCA student with a strong foundation in web development and a keen interest in building efficient, scalable, and user-friendly applications. Passionate about learning and implementing modern technologies, with a focus on frontend and backend development. Seeking an entry-level opportunity to contribute my skills to a dynamic team, collaborate on innovative projects, and grow as a Full Stack Developer while continuously enhancing my technical expertise

PROJECTS

PORTFOLIO WEBSITE

AUG 2024– OCT 2024

Developed a personal portfolio website using React.js to showcase my skills, projects, and experience. Implemented a modern UI/UX design with smooth animations, interactive elements, and a responsive layout. Deployed the website on Netlify with GitHub integration for automatic updates

CATALOGUE WEBSITE

NOV 2024 – DEC 2024

Designed and developed a catalogue-style website for a business using React.js, enabling seamless product categorization and easy updates without modifying the code. Focused on user-friendly navigation, optimized performance, and responsive design. Uploaded the project to GitHub for version control and collaboration.

HACKATHON

I participated in a hackathon during my bca and secured 5th place , showing my problem-solving and teamwork skills.
